

Norton Pro Self Grip Sanding Discs Disc Selfgrip - Norton Norton Pro - 76 Gr400

Artical Number: 63642585169

EAN: 3157625583894

SizeDerived: 76

Description

Norton Pro provides a fast, cool cut rate with no clogging, resulting in a longer lasting product. The special No-Fil coating prevents the build-up of dust and premature clogging of the disc. Self-Grip discs have a quick release backing that allows fast and easy disc changing, increasing performance by minimising downtime.

Features & Benefits

Heat-treated high performance aluminium oxide grain provides Norton Pro with a fast cut rate and a consistent, uniform scratch pattern

Discs are flexible and tear resistant due to their fibre-reinforced latex paper backing which is heavier in grits P80-P120 for more aggressive applications and lighter weight in finer grits for more flexibility

The No-Fil® layer is added to resist loading and is pigment-free, which eliminates the risk of colour transfer to the surface

MOUNTING: Norton Pro discs are for use on orbital sanders with 150mm and 203mm back-up pads. For detailed information see page 74-75.

Application Data

Material Application: PAINT & VARNISH
Machine: Disc Sander
Process: Sanding
